

## Dell Training - OptiPlex™ 160 (Eagle PC)

[← Previous](#) - [Next →](#)

### Product Overview

The OptiPlex™ 160 is positioned as a low cost, very small form factor general purpose PC. It is targeted at several segments that value size, energy savings, acoustics, and flexible mounting options over performance and expandability. These segments include small and medium business, corporate, health care, public/education, and ISG/retail.

### Product RTS

All regions — December 2, 2008
